

Customer Welcome Packet

2021-2022 School Year

Next-Generation Learning Partners

Thank you for choosing Savvas Learning Company!

We are committed to supporting you at all times – whether you're ordering, accessing products, implementing curriculum, or looking for additional help. This Savvas Customer Welcome Packet is designed to simplify and streamline your experience. Please use this resource to access self-help resources as well as reach out to appropriate Savvas team members when needed.

Find Quick Answers to Your Questions Below

View the Table of Contents and click on a topic. You can also use the Quick Links on each page to navigate the Welcome Packet.

3 Ways to Place Your Order

1. Order online on OASIS

Place orders with PO or credit card on Oasis.Savvas.com.

View this [OASIS instructional video](#) for steps to place and track orders

[Register](#) to use OASIS today.

2. Submit an Order Form

Place your order using the online [Order Form](#)

3. Call Customer Service

Contact Customer Service

Contact via [Customer Service Webform](#)
Call to speak to a customer service representative
Call: 800-848-9500
Monday-Friday: 8:00 AM – 8:00 PM EST

What to Include with Your Order

1. Copy of quote proposal with current pricing
2. Purchase order
 - Billing/Shipping Address(es)
 - Phone Number
 - Product Description and Quantities
3. Preferred method of shipping
4. Date by which product is needed
5. Include any specific requirements you have for delivery. For example, if products need to be packaged in a specific way and/or delivered to multiple school sites.

Track Reported Issue

Two Ways to Follow Up on a Customer Support Issue

1. Access the Savvas Support Site

All Savvas customers may track their support cases on [Support.Savvas.com](https://support.savvas.com).

Steps to Track a Case:

From the Savvas Support Site homepage

- Click **Login** (next to the search field)
- Enter username/password and click Login
- Click on My Support Cases
- Click on your case number
- Read details about your case status

2. Speak to Customer Support

Call: 800-848-9500

Monday-Friday: 8:00 AM – 8:00 PM EST

Case Escalation

If you need to escalate a closed case that you feel was not resolved, see these [Steps for Escalation](#).

More Information About the Savvas Support Site

The Savvas Support Site is a self-help resource that includes access to Customer Service and Technical Support, as well as step-by-step instructions and how-to articles to help you answer questions or resolve issues. You do not have to register to use most of the resources, but it is beneficial if you do.

Why should you register?

The most common reason to register is to track your support cases and access specific customer information. All Savvas customers may track their support cases on this website. Once registered, you need not register again.

[Consumable Worktexts](#)

Consumable Text Order

Customers who purchase consumable worktexts will automatically receive replenishment worktexts each year for the duration of their license.

Subscription Worktext Change Request Guidelines

The following guidelines are intended to help you plan for your annual worktext shipments. **Changes must be made 4 weeks in advance.**

- Worktexts will ship each year on the anniversary date of your original order.
- Worktexts will ship to the location listed on the original order.
- Quantities for each grade level and title will remain consistent each year unless you change them.

For more information about using the Subscription Worktext Self-Service Portal [click here.](#)

To make your changes, go to [Subscription Worktext Self-Service Portal](#) and follow the steps provided.

Need Help? Contact Customer Service through the [Access the Self-Service Portal Assistance](#) webform.

Note: Customer Service can help you “consolidate” worktext shipment dates if you need to reorder additional worktexts due to increased enrollment.

EasyBridge & Roster Synchronization Tools

Savvas provides class roster synchronization tools through EasyBridge to simplify platform setup tasks such as provisioning users, rostering classes, and adding products at the beginning of each school year. Rostering options include manual rostering and auto-rostering from your Student Information System based on the OneRoster® open standard using flat files or an API connection. If you want to learn more about which solution works best for your district, schedule time with our Discovery team. You can use this [EasyBridge Discovery Request](#) form to set up a time to speak with our implementation team.

EasyBridge: Accessing Online Curriculum

Your licenses for online curriculum will be activated within 1-2 business days after your order is processed. Once activated, your online curriculum will be available in your EasyBridge account, Savvas' user and roster management portal. Review the different rostering options available below.

Manual Rostering (EasyBridge Basic)

Districts that prefer to roster their own classes or predominantly import Google Classroom classes can manage users and roster classes through file uploads to EasyBridge. To Learn more, [click here](#), select the Administrator tab, and scroll to the Manage Classes tutorials.

Administrators can help teachers to register if they do not already have an account using the [teacher self-registration steps](#).

Teachers without administrator support, and who do not have an account already, can complete the [Teacher Account Request](#) and step through the teacher self-registration process.

If your licenses are not available within 3-5 business days, contact [Technical Support](#).

Auto Rostering (EasyBridge Plus, Auto)

With auto-rostering through EasyBridge, class roster data automatically updates from your district student information system (SIS) to your Savvas learning platforms such as Realize, SuccessMaker, ClassView, and MathXL for School. Login steps will vary depending on whether single sign-on (SSO) has been established for your district.

Learn more about the Administrator Role:

[Manual Rostering](#): Click on the Administrators tab

[Auto Rostering](#): Click on the Administrators tab

If your school or district does not already have a dedicated administrator, please identify the person(s) and complete the [Administrator Request Form](#).

Tools for Implementation

EasyBridge

Access everything you need for EasyBridge support and training, important announcements about your EasyBridge solution, and ways to sign in. Go to [SavvasEasyBridge.com](https://www.savvas.com/easybridge).

Communications Toolkit

Rolling out a new solution or product can be an overwhelming task. The Communications Toolkit provides a customizable communication plan, email templates, presentation, and informational letters to help you prepare your staff for your newly adopted EasyBridge solution with consistent messaging. Click [here](#) and scroll to download the latest Communication Toolkit.

Training & Tutorials

Learn more about EasyBridge

Visit [mySavvasTraining.com](https://www.savvas.com/mySavvasTraining.com) and enter EasyBridge or Administrator in the Product Search box then select your EasyBridge solution for tutorials and handouts.

System Requirements

EasyBridge does not have its own dedicated system requirements other than the requirement of SAML 2.0 for EasyBridge Plus single sign-on

Google Classroom

Google classroom integrates with Realize regardless of your rostering method -- manual or auto-rostering. Teachers quickly and easily import classes from Google Classroom into Realize. Teachers work in Realize while students work in Google Classroom! To learn more, [click here](#) and scroll to the Google Integration section to find handouts and tutorials.

LMS Integrations using LTI or LTI Advantage

[Consumable Worktexts](#)

LMS Integration

Savvas Realize integrates with LTI compliant LMSs such as Canvas, Schoology, Blackboard, ItsLearning, Moodle and more.

Supported Learning Management Systems

Savvas is committed to open standards and integrates with LTI compliant LMS. Realize supports both the latest integration standard, LTI 1.3 with LTI Advantage, as well as LTI 1.1 with Thin Common Cartridge (TCC).

Customize Course Content

Create a unique learning path for your students by selecting the Savvas content you need and in the order you prefer. Share course content with other teachers by copying assignments across courses.

Simplify Learning

Integrate Savvas with your LMS. With their LMS login, students can access and complete Savvas assignments directly in their LMS course.

Synchronize Grades

Savvas automatically syncs student grades with the LMS gradebook and scales the grade value to the max points you set for the assignment in the LMS.

Learn more by going to mySavvasTraining.com **Savvas LMS Integration** page or contact your Sales Representative.

Access Your Online Curriculum

Initial Adoption/Renewal Access Codes

If you have adopted a Pearson program that is supported by multiyear access to a MyLab or Mastering resource and need your initial adoption or renewal access, visit the [Access Code Request site](#).

Learn More About Your AP, Honors, & Electives Curriculum Access and Implementation on [Support.Savvas.com](#) and [mySavvasTraining.com](#).

Registration Support

For additional assistance with access code registration, use the Customer Service [webform](#).

Technical Support

For technical assistance with AP&E products, including MyLab and Mastering, MathXL for School, and MyMathLab for School, visit the Higher Ed [Technical Support Site](#).

Check Access Code Status

Enter the access code in the Access Code Status box in the upper right corner of the [OASIS](#) homepage.

- Check the status of an Access Code (not activated-code not yet redeemed, activated-redemptions used/remaining, or expired)
- View activation dates
- Check the status of codes that have multiple redemptions
- Request code deactivation
